Recording Radio Film Connection & CASA Schools is committed to making its facilities and services available to persons with disabilities, and individuals with disabilities are encouraged to apply for enrollment. Recording Radio Film Connection & CASA Schools will provide reasonable accommodations for students with disabilities. To ensure that accommodations are provided in a timely fashion, Recording Radio Film Connection & CASA Schools strongly encourages students to submit all requests for accommodation immediately after enrollment and prior to the first day of classes, or otherwise as soon as practicable. To request an auxiliary aid or service, please contact: Jay Ryall, Director of Student Services.

What is a disability?

An individual is considered to have a disability if he or she:

- has a physical or mental impairment that substantially limits one or more major life activities; or
- has a record of such an impairment; or
- is regarded as having such impairment.

Qualified individual with a disability means an individual with a disability who, with or without reasonable modifications to rules, policies, or practices, the removal of architectural, communication, or transportation

barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by a public entity.

What is a reasonable accommodation?

A reasonable accommodation is any modification or adjustment to the learning environment that makes it possible for a qualified individual with a disability to participate in the academic program.

The term "auxiliary aids and services" includes:

- qualified interpreters or other effective methods of making aurally delivered materials available to individuals with hearing impairments;
- qualified readers, taped texts, or other effective methods of making visually delivered materials available to individuals with visual impairments;
- acquisition or modification of equipment or devices; and
- other similar services and actions.

Due to the complexity of determining the appropriateness and reasonableness of accommodations, questions regarding accommodation issues, including whether a particular circumstance requires accommodation and the nature of the appropriate accommodation, should be promptly directed to the Chief Academic Officer.

What is the process to request accommodations?

The Director of Student Services is the designated school employee who is responsible for coordination of efforts to ensure appropriate academic adjustments and/or auxiliary aids are provided consistently to the student population. Students seeking reasonable accommodations will complete the ***“Student Application For Auxiliary Aids or Academic Adjustments”*** application. Upon receipt of the completed application and supporting documentation, the Director of Student Services will arrange an interview with the student to discuss their specific needs. The student may elect to include parent, guardian or other designated agent in the interview session that may validate the nature of the academic adjustment or auxiliary aids needed under the reasonable accommodations provisions. The School may engage an independent evaluation administrator to provide professional opinion to determine the appropriate accommodations are provided for the student. After careful consideration, the Director of Student Services will provide the necessary guidance to the faculty members, authorize and requisition additional resources as needed to accommodate the student needs. Periodical reviews will be conducted by the Director of Student Services to ensure that the adjustments and/or aids are appropriate. A student seeking accommodations may appeal the decision of the Director of Student Services to the Chief Academic Officer as outlined in the grievance process below. (*Please see: What is the grievance or complaint procedure?*).

What is the grievance or complaint procedure?

Should a student have a grievance or complaint concerning any aspect of his or her recruitment, enrollment, attendance, education, or career services assistance, the student should first contact the mentor or student advisor to whom the grievance or complaint refers. If a solution satisfactory to the student is not reached with the mentor or student advisor, the student may submit his or her grievance or complaint in writing to the Director of Student Services, clearly describing the grievance or complaint. The Director of Student Services will review the grievance or complaint, seek resolution and notify the student of the remedy within 10 days. In the event the student is not satisfied with the resolution provided by the Director of Student Services, the student must appeal to the Chief Academic Officer in writing within 10 days of receiving the decision of the Director of Student Services. The Chief Academic Officer will review the pertinent facts

and evidence presented. Within 10 days of receipt of the student appeal the Corporate Director of Regulatory Affairs will formulate a resolution. A student may appeal to the Chief Operating Officer, Chairperson of the ADA Committee at Home Office of Recording Radio Film Connection & CASA Schools as the final entity seeking a favorable resolution to reported grievance or complaint.

A student who misses a final test must contact the instructor within twenty-four hours of the test to arrange for a make-up examination.

Evaluation Tools

- Each week students complete a single lesson with their mentor which ends in a quiz. The grade of the quiz functions as an indicator that the students is or is not receiving and maintaining the information in a proper way. Additionally, the quizzes are reviewed by the Student Advisor Staff to ensure the student is receiving proper instruction from the mentor.
- Each week students are also required to complete one self-reflective journal entry meant to establish their growth and the progress of their education. These are also viewed by the Student Advisor Staff to ensure students are receiving an effective education.
- Lastly, students are encouraged to participate in the completion of periodic questionnaires. The questionnaires are delivered by the Student Advisor Staff and assist in establishing student's needs, their expectations, as well as prior experience they might be bringing with them, as well as to gauge their progress and ensure the quality of our educational offering, and ensure that our educational objectives and outcomes have been met.

STANDARDS OF ACADEMIC PROGRESS (SAP)

PURPOSE AND SCOPE

The Satisfactory Academic Progress Policy ensures that all students enrolled in a program are maintaining satisfactory progress towards a successful completion of their academic programs. The criteria and standards contained in the policy are set to recognize academic achievements or to detect problems for which actions of early intervention and/or remediation can be taken. These standards apply to all students whether they are eligible for Title IV funding or not. (CURRENTLY RRFC **DOES NOT** PARTICIPATE IN TITLE IV PROGRAMS)

POLICY GUIDANCE

Satisfactory Progress Standards are designed to assess academic progress for classes taken at Recording Radio Film Connection & CASA Schools only and requires both quantitative measurements and qualitative measurements. Students must maintain satisfactory progress toward the completion of their program.

A student must demonstrate Satisfactory Academic Progress by successfully completing courses attempted. Completing courses with C or better grades indicate academic progress. Completing courses with a grade less than a C is determined as poor academic performance and may lead to warning, probation or termination. It is important that students attend all classes and complete them successfully. ***Students who fail to meet the minimum standards of one or more of the below criteria will be notified by the Student Advisor within seven (7) business days of determination.***

The following criteria are used to determine whether or not a student is making Satisfactory Academic Progress. These standards monitor whether a student meets the minimum quantitative and qualitative components. A student must be able to:

- Maintain a minimum cumulative grade point average (CGPA)
- Achieve the minimum incremental completion rate (ICR) and
- Complete the program within a maximum allowable time frame (MTF)

Failure to complete courses successfully for any reason will negatively affect Satisfactory Academic Progress. Failing courses or withdrawing from courses could result in extending the length of educational program. Schedule a meeting with the Student Advisor, if you are having attendance concerns, and/or feel you are failing a course or courses or falling behind. It is important to understand how these situations will impact SAP. In order for a student to graduate, the minimum requirements are a CGPA of 2.0 and completion of all required coursework without attempting more than 150% of the hours in the program.

While terms of Advising, Probation and Termination are used to describe the administrative action, the status applies to all students.

Any student who has not participated in an academic activity within any fourteen (14) day period will be terminated from training at Recording Radio Film Connection & CASA Schools on the sixteenth (16) day of no academic activity.

Satisfactory progress will be assessed at the following points:

CLOCK HOUR – CERTIFICATE/DIPLOMA PROGRAMS

1. At the end of 50 clock hours, students must attain a minimum CGPA of 2.0 and ICR of 80% of the scheduled clock hours. Anything below these milestones will result in Advising.
2. At the end of 100 clock hours, students must attain a minimum CGPA of 2.0 and ICR of 80% of the scheduled clock hours. Anything below these milestones will result in Advising for the payment period unless the student was on Advising in his or her previous payment period. If the student was on Advising in the previous payment period, fails to meet these standards will result in Probation.
3. At the end of 150 clock hours, and thereafter, students must attain a minimum CGPA of 2.0 and ICR of 98% of the scheduled clock hours. Anything below these milestones will result in Advising, Probation or Termination.
4. Compliance with SAP is reviewed each course for Clock Hour Certificate Programs.
5. To be removed from Advising or Probation, a student must meet the Satisfactory Academic Progress requirements at the next measuring point.

CHANGE PROGRAM OF STUDY OR LOCATION- RECORDING RADIO FILM CONNECTION & CASA SCHOOLS

A student who wishes to change from one program to another or earn additional credentials within Recording Radio Film Connection & CASA Schools will be assisted by the Student Services Coordinator to complete the process. Only those credits required for graduation in the new program will be transferred to the new program and counted toward graduation. A “W” will be posted for those credits that are incomplete at the time of the transfer, and not required for the new program.

INCOMPLETE

A student who is obligated for the full tuition may request a grade of "incomplete" if the student withdraws for an appropriate reason unrelated to the student's academic status. A student who has received a grade of incomplete can re-enroll in the program during the 6 month period following the withdrawal date in order to complete those incomplete subjects without payment of additional tuition. If subjects have been discontinued, the student will take the class that is most similar to the one needed. No student may graduate with an incomplete “I” grade.

MAXIMUM PROGRAM LENGTH/MAXIMUM TIME FRAME

The maximum allowable time frame to complete a program is 150% of the published length of the educational program.

ATTENDANCE REQUIREMENTS

EXTERNSHIP (STUDIO SESSIONS) POLICY

Physical attendance is required and recorded during the externship portion of the program. Paid externship is not provided by Recording Radio Film Connection & CASA Schools or any of its employees or executives, or the mentor, the station, studio, or company at which the student is earning externship hours.

Recording Radio Film Connection & CASA Schools has contracted with the student's mentor to administer the externship and allow the student to participate in the mentor's responsibilities. The student further understands that some responsibilities may include general intern duties in the studio.

ATTENDANCE

Recording Radio Film Connection & CASA Schools requires that a student attend a minimum of 80% of scheduled instruction at externship sites. Attendance is monitored by Student Services through bi-weekly check-ins with the mentor and student.

A student is required to attend all externship sessions with his/her mentor and arrive on time. Two (2) or more unexcused absences, tardies, truancies, or cancellations may result in the termination of the student's enrollment in the program, and no refund will be provided. Although his/her mentor will work with the student on structuring a specific schedule, the student must agree to be available to meet with his/her mentor for up to two sessions per week. The student must understand that the Recording Radio Film Connection & CASA Schools courses are documented and he/she is given credit according to lessons completed and in some cases hours or days attended.

Every studio session, the Student Services Department contacts each student and mentor to monitor student attendance.

The Student Services Director may place a student on attendance probation if the student is not maintaining 80% attendance. This status change will result in a formal advisory, which will be sent to the student, indicating the reason for the attendance probation and terms required to gain satisfactory attendance. Failure to meet attendance requirements may result in the student being withdrawn from the program.

Excused Absences for the Clock Hour Programs

Students are expected to attend class on all scheduled class days, and should make every effort to attend classes even if it is only for part of the day. Recording Radio Film Connection & CASA Schools understand that some absences cannot be avoided and may be deemed excused absences. Excused absences are approved by your instructor and/or the program director. RRFC may require additional documentation prior to determining whether an absence is excused or unexcused. The following are valid excused absences:

- Illness, health condition or medical appointment (including but not limited to medical, counseling, dental or optometry);
- Family emergency, including but not limited to death or illness in the family;
- Religious or cultural purpose including observance of a religious or cultural holiday or participation in a religious or cultural instruction;
- Court, judicial proceeding or serving on a jury;
- Absence directly related to the student's homeless status;
- Absence resulting from a disciplinary/corrective action.

The student service coordinator has the authority to determine if an absence meets the criteria for an excused absence.

TARDINESS

Developing a good work ethic is an important part of the training at Recording Radio Film Connection & CASA Schools. Students arriving late for externships are potentially interrupting the instructor and other students. The following recording system will be used for tardiness.

- 1 to 15 minutes late will be counted as 15 minutes late
- 16 to 30 minutes late will be counted as 30 minutes late
- 31 to 60 minutes late will be counted as 1 hour late

The amount of time lost for tardiness is deducted from the total hours of attendance in each class.

MAKE-UP WORK

Lessons missed due to absences must be made-up within five business days of returning to school. Students should meet with their mentor to get missed assignments. Make-up work may be required to complete the approved hours of the program(s). Without completing all the missed hours the school may withhold the final certificate until the hours are completed.

LEAVE OF ABSENCE POLICY

If an emergency or similar circumstance requires that a student take time off from the training program, the student must submit an application for a Leave of Absence (LOA), which is recommended if the student is unable to participate in any lesson for more than fifteen (15) days. At the discretion of the Chief Academic Officer or designated representative, an LOA may be granted for a reasonable time, not to exceed 180 days in a calendar year, as warranted by the circumstances. If a student repeatedly resorts to the use of an LOA, and if such applications show a pattern of delays, or should the issuance of an LOA be such that it would significantly interfere with the planned completion of a program of study, the Chief Academic Officer or designated representative may, in his/her sole discretion, terminate a student from the program. If a student fails to return from the LOA at the designated time the student will be terminated.

WITHDRAWAL

A student shall be considered withdrawn from a program if any of the following occurs:

- The student prepares a written notification and submits it to the Student Services Director. This document must contain the student's name, address, and date.
- The School terminates the student's enrollment for failure to maintain satisfactory progress; for failure to abide by the rules and regulations of the School; for absences in excess of maximum set forth by the School; and/or for failure to meet financial obligations to the School.
- The student has failed to maintain 98% attendance.

All financial obligations on the part of the school and the student will be calculated using the last recorded date of attendance.
